

## Chapter 29

### Dietrich and Ruth and their Times Relevance for America in 2020-21 — Lessons of History<sup>i</sup>

“*Who controls the past,*” ran the Party slogan, “*controls the future: who controls the present controls the past.*”

Part One, Chapter III of *1984* by George Orwell.<sup>1</sup>

“*Hence, for the cup of liberty to be replenished, it’s beholden upon the people, by means of truth, to fervently attempt the liberation of the past, however recent or distant, from tyrants.*”

The author inspired by George Orwell and the American Founding Fathers.

Ferdinand Schlingensiepen, author of *Dietrich Bonhoeffer 1906-1945: Martyr, Thinker, Man of Resistance*, which is one the premiere sources for this book, wrote an English language article in 2015 on the official Bonhoeffer website titled *Making Assumptions About Dietrich: How Bonhoeffer was Made Fit for America*.<sup>2</sup> The title can perhaps be generalised to “Made fit for the English Speaking World.” Ferdinand was born in 1929 and post-war was a close friend of Eberhard Bethge — who was Dietrich’s closest friend. Eberhard died in 2000, but Ferdinand is still alive at the time of writing, aged 91.<sup>3</sup> He spent crucial years of his childhood in an illegal Confessing Church seminary that his father led until his arrest.<sup>4</sup>

In the article, he is critical of the American conservative author and radio presenter Eric Metaxas who wrote *Bonhoeffer: Pastor, Martyr, Prophet, Spy A righteous Gentile vs, the Third Reich* published in 2010, and the liberal author Charles Marsh, a liberal theologian from Virginia and author of *Strange Glory, A Life of Dietrich Bonhoeffer* published in 2014. The former is the most prominent source for my book, closely followed by Ferdinand’s book and then Eberhard’s giant biography. After I found and read Ferdinand’s 2015 article in 2016, I started to thoroughly vet my citations of Eric Metaxas, and in my book, the majority of my citations of Eric Metaxas are accompanied by other sources, often those of Ferdinand and Eberhard. Charles Marsh I never used in my book, and indeed, while Ferdinand was critical of Eric Metaxas, he was even more so for Charles Marsh. To summarise, this is how Ferdinand sees Metaxas and Marsh: “

Marsh and Metaxas have dragged Bonhoeffer into cultural and political disputes that belong in a U.S. context. The issues did not present themselves in the same way in Germany in Bonhoeffer’s time, and the way they are debated in Germany today differs greatly from that in the States. Metaxas has focused on the fight between right and left in the United States and has made Bonhoeffer into a likeable arch-conservative without theological insights and convictions of his own; Marsh concentrates on the conflict between the Conservatives and the gay rights’ movement. Both approaches are equally misguided and are used to make Bonhoeffer interesting and relevant to American society. Bonhoeffer does not need this and it certainly distorts the facts.”

and...

“Unlike Metaxas, Charles Marsh does know some German. He has read Bonhoeffer’s writings in the original and has carried out research in Germany. He served briefly as a ‘Bonhoeffer guest professor’ at Humboldt University in Berlin. Even so, his manuscript needed more substantial corrections than that of Metaxas before being published in Germany.”

<sup>i</sup> Note that in this time of growing mass censorship in America and indeed elsewhere, it’s possible that some source endnote links, since the time of writing in March 2021, have been removed. For articles, it may be possible to still retrieve them on the WayBack Machine or Web Archive at <https://archive.org/web/>. Just type or paste the link into the dialogue box. In the case of videos, especially YouTube videos, given YouTube’s mass censorship, I have as much as possible, given links to these videos on alternative platforms such as *The Epoch Times* Youmaker platform at <https://www.youmaker.com/>. Indeed, some links already given by me, are via the Web Archive. See for example, the final footnote (not endnote) for this chapter. YouTube videos might be retrieved on the Internet Archive with the Youtube code for the video. For example; Joshua Philipp’s Question and Answer on December 19, 2020 still on YouTube at <https://youtu.be/EI4zqaRG-sk>, can also be accessed on the Internet Archive at <https://archive.org/details/youtube-EI4zqaRG-sk>. At 45 minutes and 30 seconds, Joshua answers a question of mine where I use the pseudonym “kulturedyobbo.”

“The authors have received much praise from their respective admirers. Both of them write extremely well. In Germany only those readers who can compare the German version of the biography with the American version will be able to see the pictures these two Americans are painting of Bonhoeffer. Both authors are said to have included new research. Whereas Metaxas actually presents very little that is new in this respect, new findings are restricted to the chapter on Bonhoeffer’s first visit to the United States in Marsh’s book.”

and...

“Marsh refers to Bonhoeffer’s fiancée [Maria von Wedemeyer] by surname only and deals with her almost as an irritation.”

Ferdinand’s concluding paragraph explains Marsh’s reasons for doing so:

“Marsh’s argument rests on the assumption that Bethge knew of Bonhoeffer’s secret passion. Marsh does not seem to know that homosexuals in Germany were being sent to concentration camps. The Gestapo would have taken great pleasure in incarcerating a man like Bonhoeffer. Bonhoeffer would have been under constant strain, if this had been his sexual orientation. Bethge would have sensed something. There was never any suggestion of such tensions when Bethge talked about his time with Bonhoeffer. If even Bethge did not know anything about those homosexual tendencies, then Marsh’s hypothesis is completely unfounded. It does not contribute anything to the theological or political debate about Bonhoeffer in any way.”

For liberals/progressives the world over, they see Joe Biden’s victory in the American November 2020 election as a triumph over evil, albeit, given Biden’s interminable gaffes,<sup>5</sup> and their irrational hatred of Trump, they celebrated more out of relief than enthusiasm.<sup>6</sup> If familiar with Dietrich’s life, they may perceive of Dietrich’s story as an inspiration for democracy in challenging times. In doing so, they are assuming the election was legitimate and reported by a free and diverse unbiased media. However, for conservatives the world over, including myself, the election was anything but fair and legitimate, and trust in the global pack mainstream media (MSM), masquerading as free and diverse unbiased media, has been eviscerated. At the time of writing this chapter in March 2021, unlike 2015 when Ferdinand wrote his article, the American Constitutional Republic itself is now under dire threat, whereupon disturbing parallels with the death throes of Weimar Germany from Dietrich and Ruth’s time, can be drawn.

When I think of Dietrich and the November 2020 US election, I think of how Dietrich would have felt in March 1933, when in servile compliance to the thuggery of Ernst Röhm’s Brown Shirt Sturmabteilung (Storm Troopers), still loyal to Hitler at the time, the Reichstag of Weimar passed the suppressive “Malicious Practices” and “Enabling” acts on the 21<sup>st</sup> and 23<sup>rd</sup>, just sixteen and eighteen days following the last “free” election on March 5<sup>th</sup>. The former furnished the judicial means to prosecute anyone who, “with malicious afterthought” put forward reports that might impair the welfare of the Reich; the latter, officially the “Law to Remove the Crisis of the People and the State,” was the constitutional means by which the Reichstag of Weimar,<sup>7</sup> like a snake swallowing its tail, passed the law that obliterated its existence.<sup>8</sup> Likewise, following an election riddled with unaddressed irregularities, and the rampant censorship implemented in the first six weeks of the Biden-Harris regime, I see the death of the US Constitutional Republic, as the Democrats repeatedly trample on its very Constitution.

To detail in depth,<sup>ii</sup> the vast case of electoral irregularities in the 2020 US election, would require a book in itself. Nevertheless, some context on this issue that transcends just Trump, needs to be outlined. Firstly, November 2020 isn't the first time that the legitimacy of the American electoral process has been under a cloud. According to *Newsweek*, by May 2017, a class action lawsuit alleging the Democratic National Committee worked in conjunction with Hillary Clinton's 2016 campaign to keep Bernie Sanders out of the White House had been raging on in the courtrooms for months on end. Yet, most people had no idea of its existence, in large part thanks to the mainstream media's total lack of coverage.<sup>9</sup> Sanders and Clinton were contesting the Democratic nomination in the months before the 2016 federal election. Hence, according to the Sanders' camp, Bernie Sanders should have been contesting the November 2016 federal election against Trump, not Hilary Clinton.

Moreover, in an article published just nine days before the 2016 federal election on November 8<sup>th</sup>, by the progressive journalist Emily Cameron, ironically titled *OPINION: Our Elections are a Mess and Only Leftists Care Enough to Fix Them*, she opened with: “

The vehement insistence that Hillary Clinton won the Democratic primary fair-and-square is unhealthy for democracy, and the narrative that Bernie Sanders supporters critiquing voter suppression and election fraud are ‘sore losers’ causes lasting damage to our elections.”<sup>10</sup>

And ... “

The Clinton Foundation has received donations from Dominion Voting and H.I.G. Capital, two manufacturers of voting machines. Does this definitively prove Clinton of committing election fraud? No, but it raises a lot of questions.”<sup>11</sup> (More on Dominion voting machines later.)

And in November 2017, a BBC article was titled; “[Democrat Senator] Elizabeth Warren agrees Democratic race ‘rigged’ for Clinton.”<sup>12</sup>

Secondly, on February 4, 2021, the global MSM mouthpiece, TIME magazine published a bizarre article of vague double-speak titled *The Secret History of the Shadow Campaign That Saved the 2020 Election*.<sup>13</sup> A key aspect of the story was to sideline the Biden-Harris campaign from the “shadow campaign” to “save” the election. But as *The Epoch Times* opinion piece by Jeff Carlson put it: “

Although the article treats the actions taken by this “Shadow Campaign” as necessary steps towards saving our democracy, a more objective reader of events might make the case that our democracy was actually trampled underfoot.”<sup>14</sup>

And ... “

According to the players in this saga, the perceived threat to our democracy was so consequential that it would require ‘an effort of unprecedented scale’ and a measure of cooperation heretofore not seen during an election process. And one that would encompass a surprisingly broad coalition of interests that would include ‘Congress, Silicon Valley [Twitter, Facebook, Google and the like] and the nation’s statehouses.’

ii For an excellent in-depth analysis on electoral fraud, see Joshua Philipp's documentary *2020 Election Investigative Documentary: Who's Stealing America?* at <https://www.youmaker.com/video/73bbe59a-0850-4b10-a132-ffdaa5beb240>. Joshua Philipp is an **investigative** reporter for New York's Independent media *The Epoch Times*, which has been my main source of information in regard to the US election, to replace the leftist **pack-driven** news of the global MSM. Facebook in December 2020, most predictably censored it, to which I informed Joshua on one of his Question and Answer sessions on his *Crossroads* channel on Saturday December 19, 2020. His response can be seen and heard on YouTube at <https://youtu.be/EI4zqaRG-sk?t=2747> or if YouTube take it down, on the Internet Archive at <https://archive.org/details/youtube-EI4zqaRG-sk> from 45 minutes and 40 seconds in. I used the pseudonym “kulturedyobbo.” In regard to Tik Tok funded Facebook “fact” checkers *Lead Stories*, see endnotes <sup>23</sup> and <sup>111</sup> for this chapter. **NOTE:** Contrary to what mainland Chinese companies like Huawei assert, if the Chinese Communist Party (CCP) demand they hand over network data, they would be compelled to do so because of espionage and national security laws in the “People's” Republic of China. See <https://www.cnbc.com/2019/03/05/huawei-would-have-to-give-data-to-china-government-if-asked-experts.html>. This of course, is not the case in western democracies, although, given the path already taken by the Biden-Harris regime, how much longer will this be the case in the US? All links accessed on Sunday March 14, 2021.

As the article notes, the efforts of this cabal ‘touched every aspect of the election’ including our election laws. These groups [before the election] engaged in a unified legal front to ‘change voting systems and laws’ at the state level, often unconstitutionally bypassing state legislatures and shifting power to the states’ governors in the process. Conservative efforts to fight against this process were euphemistically termed as ‘voter-suppression lawsuits.’”<sup>15</sup>

Flowery and idealistic language such as “fortifying” rather than “rigging” the election was used by TIME’s Molly Ball to describe the “shadow campaign,”<sup>16</sup> which sounded very much like electoral interference in plain language.

Thirdly, in an unprecedented move, late on election night in Wisconsin, Michigan, Pennsylvania, North Carolina, Georgia and Nevada, counting stopped with Trump well ahead — only to resume hours later in the early morning, when sudden inexplicable and huge surges for Biden ensued.<sup>17</sup> At Farm Arena in Fulton County Georgia, the most damning and indeed direct evidence was video footage from that night, heard by a Georgia Senate Judiciary Subcommittee hearing in early December 2020.<sup>18</sup> At around 10:30 p.m. on election night, a woman can be seen addressing the multiple Republican election observers. Soon afterwards the Republican observers and media staffers left. About one-and-a-half hours later, as I returned home from work at 3:15 p.m. in Brisbane Australia, which was just after midnight on the US east coast, I heard on *The Epoch Times* YouTube channel, that counting at Farm Arena had ceased owing to a burst water main flooding the building. This later turned out to be just a toilet leak,<sup>19</sup> which was consistent with the video footage, that had not shown any evidence of flooding.

Soon after the Republican observers and media crew left, multiple large black cases were pulled from under tables. These cases were previously concealed due to large black table cloths covering the tables down to the floor. The cases were hauled several metres to desks with Dominion voting machines, whereupon, ballots from these cases were then inserted into the machines. This process was continued until 12:55 a.m.,<sup>20</sup> and would have continued beyond that, if not for the fact, that when Republican observers arrived at the central tabulation centre, after leaving Farm Arena, they heard from a news crew staffer, counter to what they had been told when leaving the Arena, that counting was still taking place!<sup>21</sup>

In the two or so hours that this questionable counting took place, it’s estimated that 18,000 ballots were processed, which alone is way above Biden’s official winning margin of less than 12,000 in Georgia.<sup>22</sup> In other words, if one subtracts this questionable count of ballots, caught on video, from around 11 p.m. until 12:55 a.m. on the night of November 3-4, 2020 at Farm Arena, from Biden’s official vote count for Georgia, Trump is the winner in Georgia, not Biden! Facebook “fact” checkers *Lead Stories*, funded by Chinese owned *Tik Tok*,<sup>23</sup> contrived the implausible story that the Republican observers and media left voluntarily, knowing that “counting” would continue after they left at 10:30 p.m.<sup>24</sup> Moreover, the *Lead Stories* spin-doctoring, as alluded to by *The Epoch Times* reporter Joshua Philipp,<sup>25</sup> focuses inordinately on Jackie Pick, the presenter of the video footage to the Georgia Senate Judiciary Subcommittee, calling the black cases “suitcases” when they are supposed to be “the standard container used for the ballot counting process.”<sup>26</sup> Of course, such an inconsequential fact has no fundamental bearing on this issue. Curiously, in February 2021, the Fulton County Board voted to fire their elections director Richard Barron.<sup>27</sup>

Next, at almost the same time the TIME magazine article was published in early February 2021, self-made billionaire and CEO of “My Pillow” Mike Lindell, towards the end of his two hour documentary *ABSOLUTE PROOF Exposing Election Fraud and the Theft of America by Enemies Foreign and Domestic*, interviewed by phone, National Intelligence Researcher and Author, Mary Fanning. During the interview, just a tiny fraction of a report of thousands of pages, documenting IP addresses of foreign hacks into the US election was displayed.<sup>28</sup> Overall, more than two-thirds came from the People’s Republic of China,<sup>29</sup> with the objective to always slash the vote count for Trump. Moreover, on Christmas day 2020, investigative reporter Simone Gao released an interview of IT expert Russell Ramsland Junior, who spoke of a tabulation server in Georgia reporting tabulation results to China.<sup>30</sup> Furthermore, Ramsland’s audit team found evidence that the audit logs were changed signalling a change of ballot data.<sup>31</sup>

In July 2016, Jin Canrong, CCP advisor and professor and associate dean of the School of International Studies at Beijing’s Renmin University of China, in a July 2016 speech on “Sino-U.S. Strategic Philosophy” given over two full days at Southern Club Hotel Business Class in south China’s Guangzhou City, outlined a multi-pronged strategy involving a range of malign actions to subvert the United States while strengthening the Chinese regime. They included; interfering in U.S. elections, controlling the American market, cultivating global enemies to challenge the United States, stealing American technology, expanding Chinese territory, and influencing international organisations.<sup>32</sup> In regard to manipulating elections, Jin Canrong stated: “

The Chinese government wants to arrange Chinese investments in every single congressional district to control thousands of voters in each district.”

and ... “

Normally [within any of the 435 US congressional districts] the difference of votes between two candidates is 10,000 or less. If China has thousands of votes on hand, China will be the boss of the candidates.”<sup>33</sup>

Hence, now as president, how compromised is Biden by the genocidal<sup>34</sup> Chinese Communist Party (CCP)?<sup>35</sup>

Finally, less than a fortnight before Biden’s “inauguration,” and just the day following the Capitol Hill riot on January 6<sup>th</sup>, the then Director of National Intelligence (DNI) John Ratcliffe, in his report *Views on Intelligence Community Election Security Analysis*, documented the following:

“China analysts were hesitant to assess Chinese actions as undue influence or interference. These analysts appeared reluctant to have their analysis on China brought forward because they tend to disagree with the [Trump] administration’s policies, saying in effect, I don’t want our intelligence used to support those policies. This behavior would constitute a violation of Analytic Standard B: Independence of Political Considerations (IRTPA Section 1019).”<sup>36</sup>

... and in the concluding paragraph:

“In that same spirit, I am adding my voice of support of the stated minority view — based on all available sources of intelligence, with definitions consistently applied, and reached independent of all political considerations or undue pressure — that the People’s Republic of China sought to influence the 2020 U.S. federal elections, and raising the need for the Intelligence Community to address the underlying issues with reporting outlined above.”<sup>37</sup>

Which again raises the question; now as president, how compromised is Biden by the genocidal<sup>38</sup> CCP?<sup>39</sup> And why was the release of Ratcliffe’s report delayed until January 7, 2021 — the day following the storming of Capitol Hill? This was when Congress was meeting in what was usually a formality to finalise the election result. However, that day there was the cloud of electoral irregularities to deal with, with seven states mired in allegations of fraud, sending duelling electors to contest the result of those states, as was and is their right under the Constitution. As such, I held out some hope for this very suspicious election to be overturned, or at least have the inauguration on the 20<sup>th</sup> delayed, in order to genuinely investigate major election irregularities.

But when I heard of the storming of the Capitol Building by Trump supporters on January 6, 2021, I was in a state of shock. Before this time, Trump protests such as the Jericho marches in November and December 2020, had been peaceful. As I collected my thoughts, and discussed the incident with my mate, my heart sank. For the perpetrators of electoral fraud, and the CCP, openly hoping for a Biden “victory,”<sup>40</sup> such an incident was political and propaganda manna from heaven, or perhaps hell. Further indicative of this being the CCP’s desire, was when a Chinese professor Di Dongshen, associate Dean at Renmin University in China, and part of Xi Jinping’s brain trust, in a video that went viral in December 2020, even boasted of how the CCP could control virtually the entire American elite, including of course, Joe Biden, but not Trump!<sup>41</sup> Again raising the question; how compromised is Biden, now as president, by the genocidal<sup>42</sup> CCP?<sup>43</sup> Then it occurred to me; how convenient the Berlin Reichstag fire of late February 1933 was for Hitler’s National Socialists.

At that time, Hitler’s hold on power in a then minority government, was somewhat precarious. He still required some pretext to cement absolute power. Hence in this sense, the Weimar Republic was still alive, but teetering on the edge. Franz von Papen of the Catholic Centre party,<sup>44</sup> who had been instrumental in making Hitler chancellor of this minority government in late January, had declared; “In two months’ time we will have squeezed Hitler into a corner until he squeaks.”<sup>45</sup> On February 27, 1933,<sup>46</sup> the night of the fire, four weeks had now passed since Hitler took office. But now the fire ensured that Hitler would not be “squeaking” any time soon.

At the time of the fire, Hitler was dining at Joseph Goebbels’ home when his host received the call that the Reichstag was on fire. According to Metaxas, quoting Shirer’s book, Goebbels was not at first

convinced, as the caller was Ernst “Putzi” Hanfstaengl. While he was Harvard educated, and his money and connections had greatly helped Hitler’s rise to power, he was also known as a bit of a clown, and thus Goebbels’ first impression was that Hanfstaengl was pulling his leg. However, when he and Hitler arrived, they found that for once, Hanfstaengl was deadly serious, and were greeted by the first at the scene, the rotund Hermann Göring.<sup>47</sup>

Puffing and panting, the most corpulent of the Third Reich’s elite professed that this was the beginning of the Communist revolution, and that no mercy must be shown in shooting and/or stringing up every Communist official that could be found. If Göring was in on the possible National Socialist plot, now of course was not the time for honesty! The removal of their Communist rivals from the dying Weimar political landscape was resoundingly called for. Could it be that Goebbels and Hitler were not in on the plot, but Göring was? In any event, at the scene, the shirtless and hapless young Dutch communist, Marinus Van der Lubbe, who had supposedly used his shirt for tinder, was arrested on the spot, and the golden pretext the National Socialists required to initiate the political mechanisms to remove the Communists and other political rivals from the dying Weimar political landscape presented itself.

Almost 88 years later in Washington DC, in the early afternoon of Wednesday January 6, 2021, a parallel pretext now enabled the Deep State to crackdown on their ideological enemies, and in the process, suppress all mention of electoral fraud and thus cement their “victory” in the most questionable election in over 244 years of US history. The global MSM would deny the existence of the American Deep State, however, it’s worth noting, that in the first three or so decades post-WWII, the Italian government and media denied the self-evident existence of the Cosa Nostra — Sicilian Mafia.<sup>48</sup> Indeed, as to which state was or is more corrupt, the Italy of that time, or America of today, would be highly contentious to say the least.

As the Jewish American and Conservative academic Dennis Prager stated: “

In Germany, the German parliament was burned down. We’re not absolutely certain who did it, but it seems that a communist did it. Anyway, it didn’t matter to the Nazis who did it, what mattered was what they could use it for, and they used it for the Enabling Act, which they quickly ran through Parliament, and it enabled the Nazis to curtail civil liberties in the name of a national emergency caused by the burning of the parliament of the Reichstag.”<sup>49</sup>

To reiterate, the Enabling Act was the constitutional means by which the Reichstag of Weimar,<sup>50</sup> like a snake swallowing its tail, passed the law that obliterated its existence. And likewise, almost 88 years later, following January 6, 2021, the American Deep State had its pretext or “Enabling Act” to enable its own suppression of civil liberties, and in particular, the Constitution’s First Amendment protection of free speech.

Following the Capitol Hill breach, thousands of National Guard troops were brought in, as indeed Trump himself had suggested before January 6<sup>th</sup>.<sup>51</sup> On Biden’s “inauguration” day on the 20<sup>th</sup>, about 26,000 National Guard troops were deployed with barb wire fencing surrounding the Hill, and the traditional parade cancelled.<sup>52</sup> Before the 20<sup>th</sup>, National Guard troops were vetted for their political leanings, while on CNN, Democrat Congressman Stephen Cohen of Memphis to the interviewer, talked of three-quarters of the National Guard being white Trump voting males making them a threat to national security and unsuitable for deployment on “inauguration” day!<sup>53</sup> Such was the celebration of the “Saving of Democracy,” as the Constitution of the American Constitutional Republic was trampled upon.

Or perhaps, was it more like the founding of the one party “Democratic” Socialist State? Indeed, the global MSM mouthpiece and professed voice of “fearless journalism,” *The Daily Beast*, in the wake of January 6<sup>th</sup>, has even floated the idea of America forming its own secret police. Supposedly based on Britain’s MI5,<sup>54</sup> but given the disturbing trends in America since January 6<sup>th</sup>, it would more than likely be along the lines of secret police in other present day and bygone dictatorships, such as the Stasi of the former German “Democratic” Republic.<sup>55</sup>

When a recruit to the American Armed Forces swears his or her oath, it’s not to the President, nor his or her administration. Rather, it’s to the Constitution,<sup>56</sup> unlike countries such as the People’s Republic of China, the “Democratic” People’s Republic of Korea, the former German “Democratic” Republic and indeed the former Third Reich, where the recruit swears or swore allegiance to the dictator and the regime. This point seems lost or trampled upon by the new Biden-Harris regime.

The storming of Capitol Hill, was undoubtedly a horrible and reprehensible act. However, as Dennis Prager stated, it was nothing in comparison to the rampant censorship and flagrant violation of the US constitution that followed in its wake.<sup>57</sup> With the memory of electoral irregularities now buried by this most convenient of neo-Reichstag pretexts, the path to the obliteration of the American Constitutional Republic to

make way for the “Democracy” of the one party Socialist state, had presented itself. The Deep State coup was seemingly initiated by electoral fraud, as implied by the general intransigence of official entities to investigate or deal with it. Nevertheless, it was impeded by reporting of alleged fraud by thousands of brave people, putting their careers and reputations on the line in the face of Deep State intimidation.<sup>58</sup> Sadly however, with the overwhelming propaganda reinforcement of the January 6<sup>th</sup> riot, the coup was now, seemingly complete.

Any future “elections” it seems, could be manipulated at will to preserve the illusion or pretence of Democracy if required — as was and is the case in Chavez and now Maduro’s Socialist “utopia” of Venezuela.<sup>59</sup> Indeed, from the early November 2020 *Epoch Times* article and video interview titled *Video: Dr. Paul Kengor: The Pennsylvania Voting Curve Doesn’t Line Up*, there is the most intriguing and disturbing comment from a former Venezuelan in the forum, “danielmg007.” (With grammar and spelling errors not corrected.)

“Hi Josua.

I am a Venezuelan american. I am pro Trump. All this that happen in the election is a flashback of what happened in Venezuela during many elections trying to put Chavez or Maduro out of the power. Is a photo copy. Many many times the opposition candidate, was winning until in the middle of the night everything stop. [As was the unprecedented case in Wisconsin, Michigan, Pennsylvania, North Carolina, Georgia and Nevada]<sup>60</sup> And unexpectedly the government candidate start getting more votes and more votes and finally Chavez or more recently Maduro won. Every poll said the opposition candidate will win. You can feel the intention of vote of every Venezuelan poor or rich in the streets. And the whole society was sure we will win. I do not how they do it but we need to find out how. On another hand other events happening in USA are the same events started happening in Venezuela. The black life matter movement(in Venezuela with different names of course). Everything. Really worry.”<sup>61</sup>

Just a couple of days following his “inauguration,” Biden asked his newly appointed Director of National Intelligence, Avril Haines, to “assess” domestic extremism.<sup>62</sup> The overt implication being, to only focus on right-wing extremism, real and perceived, and ignore left-wing acts of extremism being perpetrated by Antifa in Democrat run cities like Portland Oregon and Seattle in Washington state. Such acts on one hand, remind one of Hitler/Ernst Röhm’s bands of Brown Shirt Sturmabteilung (Storm Troopers) from the early 1930s, but on the other hand, are chillingly reminiscent of Mao Zedong’s fanatical Red Guards from the Cultural Revolution of the mid-1960s to 70s.<sup>63</sup> Moreover, the monthly Harvard/Harris poll for February 2021, found that 55% Americans were more concerned over the violence that happened last summer in the aftermath of the death of George Floyd than the Capitol riot on January 6, 2021.<sup>64</sup> Furthermore, 64% think the January 6 riot was “being used by politicians to suppress legitimate political movements.”<sup>65</sup> This, in spite of global MSM saturation bombing of their narrative of domestic far-right terrorism, being the number one threat to national security.

But of course, the agenda of the radical-left has no need for any basis in truth. Hence, following January 6, 2021 and the invoking of the “assessment” of domestic extremism, with the Biden regime barely a month old, the pretext had been set for nation wide persecution of Trump supporters, including for example, David Schoen, one of the attorneys who successfully defended Trump during the unconstitutional<sup>66</sup> February 2021 impeachment trial. Schoen had a law school cancel a civil rights law course he was going to teach and he was suspended from a civil rights lawyer email discussion list.<sup>67</sup> It seems “civil rights” activists have deemed Schoen and his entire team as defenders of a so-called domestic terrorist (Trump), who based on the flimsiest evidence of words taken out of context,<sup>68</sup> incited the January 6<sup>th</sup> riot.

In any case, is it not so that anybody is entitled to a defence? At the same time, in another instance of cancel culture intimidation, reminiscent of Mao’s Cultural Revolution, another member of Trump’s defence team, Michael van der Veen had his driveway spray-painted with the word “traitor,”<sup>69</sup> and had started receiving constant death threats,<sup>70</sup> for merely defending his client in an unconstitutional sham of a trial.<sup>71</sup>

On April 1, 1933, thirty-three days following the Reichstag Fire<sup>72</sup> and less than a fortnight after passing the suppressive “Malicious Practices” and “Enabling” acts on the 21<sup>st</sup> and 23<sup>rd</sup> March,<sup>73</sup> Hitler declared a national boycott of Jewish stores. Its repercussions, naturally extended to other aspects of Jewish life. For example, Dietrich’s brother-in-law of Jewish descent but converted Lutheran Gerhard Leibholz, was a popular professor of law at Göttingen, and his wife Sabine, twin sister of Dietrich, would often attend his lectures. On the day of the boycott, Sabine made a point of attending her husband’s scheduled lectures.<sup>74</sup> When Gerhard and Sabine walked down the street, the atmosphere was toxic; people who recognised them

would suddenly cross over the street. When Sabine arrived, she was greeted by students dressed in SA (Sturmabteilung — Storm Troopers or Brown Shirts) uniforms with the words, “Leibholz must not lecture, he is a Jew. The lectures are not taking place.”<sup>75</sup> Theologian Walter Bauer and a certain professor met them there, expressing their disgust with the National Socialists. Worse still, many of Gerhard’s relatives lost their jobs, and one of his Jewish school friends committed suicide. By then, such instances were commonplace.

To highlight how terrorism does not just spawn from the right of politics, in Portland Oregon, police made several arrests within a few hours of Biden being “inaugurated,” after Antifa terrorists spray-painted anti-Biden graffiti while vandalising the headquarters of the Democratic Party of Oregon. In the streets, Antifa mobs displayed banners proclaiming “We don’t want Biden. We want revenge for police murders, imperialist wars, and fascist massacres.”<sup>76</sup> In Washington DC on February 6, 2021, Black Lives Matter and Antifa marched chanting “burn It down” and threatened people as they ate dinner.<sup>77</sup>

Curiously, Antifa-Black Lives Matter-(BLM)-Insurgence USA activist John Earle Sullivan, who in a video he himself shot while inside the Capitol Building on January 6<sup>th</sup>, could be heard saying “let’s burn this [expletive] down.”<sup>78</sup> Later, Sullivan was respectively paid \$35,000 by CNN and NBC, and \$2,375 by the Australian Broadcasting Corporation (ABC) for video footage of the breach, according to invoices that were filed with the U.S. District Court for the District of Columbia.<sup>79</sup> As an Aussie tax payer, in paying Sullivan the prodigious discount rate, I am pleased tens of thousands of our tax dollars have been saved by our public broadcaster. It seems, they have read Trump’s book *The Art of the Deal*, but CNN and NBC have not.

For the far-left anarchists that are Antifa, the US is utterly irredeemable.<sup>80</sup> In January 2021, independent Vietnamese-American journalist Andy Ngo had his book *Unmasked Inside Antifa’s Radical Plan to Destroy Democracy* published before it went on sale at Powell’s book store in Portland Oregon — one of the largest independent book stores in the US. However, almost immediately, the book store was surrounded by Antifa protesters calling for the book to be removed from the shelves. Unfortunately, Powell a family owned business, caved into the threats, but still kept the book in its online store.<sup>81</sup> This naturally compelled me to order my own copy. In 2019, Andy Ngo was bashed by Antifa and suffered a brain bleed which required months of treatment. Unlike claims made by much of the global MSM, Andy Ngo is not far-right. For example, as an independent journalist, he has written for mainstream publications such as *Newsweek*, *Wall Street Journal* and *New York Post*.<sup>82</sup>

More than likely, the types making such claims of Andy Ngo, would in all likelihood, say the same of me. However, it must be remembered that during the Stalinist show trials of the 1930s, all enemies of Stalin were labelled as “accomplices of fascism.”<sup>83</sup> Moreover, from the Antifa frame of reference embodying their “anti-fascism,” anyone even the slightest bit right of their world view, is fascist. This includes even the far-left Alexandria Ocasio Cortez (AOC), Democrat House of Representative from New York’s 14<sup>th</sup> district,<sup>84</sup> and formal member of the far-left Democratic Socialists of America (DSA),<sup>85</sup> who according to former Antifa member Gabrielle Nades, is regarded as a capitalist!<sup>86</sup> Hence, given Antifa’s reaction to Andy Ngo’s book, and their ultra-extreme leftist anarchist agenda, it would be plausible in the event of them achieving their “utopia,” to surmise their invoking of book burning, in a throwback from the infamous literary *Säuberung* (cleansing) in Hitler’s Reich in May 1933.<sup>87</sup> Indeed, could my book, if noteworthy enough, be burnt upon this “cleansing” anarchist pyre of so-deemed, “degenerate bourgeoisie literature?” Indeed, as reported by *The Epoch Times* in late February 2021, in a war against faith, the CCP burnt religious books and imprisoned believers.<sup>88</sup>

Antifa’s extreme world view has been briefly practised in so-called “autonomous” zones such as the Capitol Hill Organised Protest (CHOP) zone in Seattle. In its first days of early to mid June 2020, much of mainstream media had idealised it,<sup>89</sup> while at the same time, the Democrat Seattle Mayor Jenny Durkan on the 11<sup>th</sup>, in a CNN interview, even dubbed it euphemistically as the “summer of love.”<sup>90</sup> In a matter of days following several serious and violent crimes, including an attempted arson, multiple assaults captured on video, and the fatal shooting of a 19-year-old, it was obvious her remark didn’t age well.<sup>91</sup>

In Portland Oregon, before, during and after Durkan’s “summer of love,” Antifa rioted for 120 consecutive days, with the tacit approval of the Democrat mayor, Ted Wheeler.<sup>92</sup> In Minneapolis, in the wake of George Floyd’s death, burning, looting and pillaging was perpetrated by the radical left Freedom Road Socialist Organisation (FRSO), as joyously proclaimed by its leading members and partners Steff York and Jess Sundin.<sup>93</sup> Moreover, the FRSO website leaves no doubt as to their Marxist agenda, as they view the Tiananmen Square massacre in June 1989 as the defeat of counter-revolution in China!<sup>94</sup> Nevertheless, many such radicals in the summer of 2020 were bailed out of gaol by Biden-Harris staff.<sup>95</sup> In March 2021, FRSO launched its Spring Fund raising drive of \$100,000-plus required for its “great leap forward” with the following violent pitch:

“Over the past year, Freedom Road Socialist Organization has undergone a period of dramatic growth, and we have emerged as one of the largest revolutionary organizations in the United States...

... To continue this pace of development we need your help. We are going to establish a national office and we are going to have some full-time staff who are devoted to building FRSO. We will increase our capacity to build a revolutionary movement that is capable of engaging the class enemy and waging a serious fight for working class political power: socialism.

To do this takes money and everyone can play a role in this. Urge your comrades and friends to give all that they can to the FRSO Spring Fundraising drive. Congress and the president just approved stimulus checks for most of us. Please consider contributing your stimulus check to FRSO...

... Some people say real change is impossible. **Burning police stations and millions of people in the streets this past year suggest otherwise.** We want to abolish capitalism and replace it with socialism. This is not some dream; it can be a reality if we work – and fight – for it.

To do that we need to expand the fighting capacity of FRSO. Your the contributions, the bigger the better, will help us do exactly that. Go to donate at <https://frso.org/>.

Great [burning] things are ahead!  
The future is [burning] bright!  
Contribute to the FRSO Spring Fundraising campaign!”<sup>96</sup>

Hence, one could sum up Antifa, Freedom Road and the CHOP, with one of the final lines of the 1848 Communist Manifesto: “

The Communists disdain to conceal their views and aims. They openly declare that their ends can be attained only by the *forcible overthrow of all existing social conditions.*”<sup>97</sup>

Such are adults, indoctrinated as kids to hate their country in order to comply with a distorted “WOKE” version of American history, embodied by the toxic *1619 Project*, subservient to the ideological Marxist agenda.<sup>98</sup> But they are not just rioting on the streets. They also dominate the global MSM, as implied by retired police Sergeant Betsy Smith, a 29-year veteran of a large metropolitan police department in Chicago, who now represents the National Police Association in the US. She talks of how the media are currently spending a great deal of time talking about the U.S. Capitol breach but not enough on violent riots perpetrated by Antifa and others.<sup>99</sup>

“Right now, their current obsession is, you know, white supremacy, white supremacists, and the Capitol riot. They don’t want to talk about the other 99 percent of violent riots that American law enforcement has been dealing with for the past year.”<sup>100</sup>

Nevertheless, in the first presidential debate in late September 2020, Biden made the assertion that the decentralized<sup>101</sup> Antifa entity was “only an idea.”<sup>102</sup> But within hours of his “inauguration,” these “only an idea” leftist extremist anarchists were out of control, in spite of Biden and Harris staff repeatedly bailing them out in the summer.<sup>103</sup> This of course is what happens when you think you can control pure unbridled malevolence. Indeed, it makes one think of mid-1934 in the Third Reich, when Hitler ordered the “*Nacht der Langen Messer*,” (Night of the Long Knives) to eliminate Ernst Röhm’s Brown Shirt thugs or Storm Troopers, which had become uncontrollable and a threat to his hold on power, in spite of being a crucial element in his rise to power in late January 1933.<sup>104</sup> As the Biden regime is presently ignoring acts of terrorism by Antifa and Freedom Road, Hitler likewise, for seventeen months, ignored the violence perpetrated by Ernst Röhm’s Brown Shirts, until President Hindenburg threatened to impose martial law if Hitler didn’t reign them in. After Hitler invoked and completed the forty-eight hour bloody purge in late June 1934,<sup>105</sup> Hindenburg praised Hitler for “nipping treason in the bud.”<sup>106</sup> About one month later, on August 2, the ailing president died,<sup>107</sup> along with any semblance of government accountability.

To reiterate, in one sense, the global MSM are correct, that on Wednesday January 6, 2021, “Democracy” in America was saved, or indeed, perhaps founded. Such “democracies” in the past have

existed such as the German Democratic Republic (former East Germany) and today there is the Lao People's Democratic Republic and the Democratic People's Republic of Korea (North Korea.) In Biden's America, or the America of the new radical Democrats, the Constitutional Republic is under dire threat, as the Constitution of 1789, is incessantly trampled upon. Big-Tech, such as Facebook, Twitter, Google and the like have become self-appointed moral arbiters, even able to deny a sitting president his voice, on the knee-jerk hearsay of an agenda driven news media.<sup>108</sup> At the same time, the self-appointed moral arbiter Twitter, implies that links to child pornography are integral to an "open Internet."<sup>109</sup>

Much of Trump's speech on January 6<sup>th</sup> before the riot was taken out of context, with quotes such as "fight like hell." However before the election, when Biden let slip "We have put together I think the most extensive and inclusive voter fraud organisation in the history of American politics,"<sup>110</sup> Facebook "fact" checkers, or more accurately, Chinese Tik Tok funded spin doctors *Lead Stories*,<sup>111</sup> claim he was "taken out of context."<sup>112</sup> Of course, this raises the question; why are global MSM and Big-Tech so quick to afford such a defence to Biden, but never to Trump?

The legal tool of impeachment, is intended to try an incumbent president. In August 1974 for example,<sup>113</sup> facing impeachment, Richard Nixon resigned and the matter was finished. But even after Biden's "inauguration" on January 20, 2021, the radical left "Democrat" regime, now more akin to the far-left Democratic Socialists of America (DSA), still pursued this unconstitutional agenda, on the flimsiest of evidence that Donald Trump, in an act of alleged "sedition," incited the riot on January 6<sup>th</sup>. Nothing in his speech that day, suggested such a thing, but again, Kamala Harris and Joe Biden's staff, bailing out leftist radicals for months,<sup>114</sup> involved in perpetrating months of burning, pillaging and looting of Democrat run cities, occupying court houses, declaring lawless autonomous zones such as the Seattle CHOP zone are not seditious. Moreover, Kamala Harris in an interview on Stephen Colbert's Late Show in mid-June 2020, proclaimed that:

"They're not going to stop, they're not going to stop ... before and after the election ... they're not going to let up and they should not!"<sup>115</sup>

Furthermore, the dubious pursuit of Trump's impeachment, was an ideal diversion from the real issue of electoral irregularities, in spite of the fact that Trump on several occasions before January 6<sup>th</sup>, offered to deploy 10,000 National Guard troops.<sup>116</sup> Nevertheless, on Friday February 12, 2021 at around 6:15 p.m. on Channel 7's evening news in Brisbane Australia, I heard the news reader proclaim the Democrat propaganda of their "*blistering*" impeachment case against Trump. As Harvard Law School professor emeritus Alan Dershowitz stated; "Congressional lawmakers are violating the U.S. Constitution" in what he described as a "show trial" against former President Donald Trump.<sup>117</sup> This in spite of the fact that Dershowitz has never voted for Trump.<sup>118</sup> Moreover, one of the nine Nancy Pelosi (house speaker and Democrat) appointed impeachment managers was Eric Swalwell,<sup>119</sup> who had been involved in an affair with a Chinese spy,<sup>120</sup> further devolving the credibility of this pseudo-impeachment to less than a joke.<sup>121</sup> On February 13<sup>th</sup>, Trump was acquitted.<sup>122</sup>

By the time of Biden's "inauguration" on January 20<sup>th</sup>, it tragically appeared to me that the Democrats and the Deep State had achieved total victory. They had the majority in the Senate, albeit requiring vice-president Harris' vote to break deadlocks, a clear majority in the House of Representatives, and following January 6<sup>th</sup>, a seemingly interminable pretext to suppress all discussion on voter fraud. However, the way they are acting post "inauguration," including their vindictive and fearful obsession with Trump, exemplified with their farce of an impeachment, and the speed with which they are pushing their far-left agenda forward, including, as already mentioned, the push to de-platform Conservative media networks,<sup>123</sup> makes one wonder, if they truly believe they have achieved total victory. Something seems to be bugging them. Perhaps this is due to the rampant electoral irregularities, implying fraud on a like scale, not passing entirely unnoticed?

Moreover, according to Mike Lindell's documentary, on election night, Trump broke the Dominion voting machine algorithm,<sup>124</sup> by attaining large unforeseen leads in battleground states, leading to the unprecedented cessation of voting in the middle of the night, to facilitate the injection of fraudulent ballots shipped in hours later. According to Mike Lindell, these injections of fake ballots, did the trick in decisively increasing Biden's "vote," but the sudden vertical surges in Biden's vote,<sup>125</sup> could not go unnoticed — as would have been the case if the Dominion algorithm had not been broken by Trump's unexpectedly substantial lead that night in those critical states. Moreover, it's pertinent to note, how pollsters in both the 2016 and 2020 elections, got it so wrong,<sup>126</sup> and *The Epoch Times'* team of analysts late that night, with

reserved confidence, predicted a Trump victory,<sup>127</sup> as did my own analysis. Furthermore, *The Epoch Times* just before the 2016 election, counter to the entire global/pack MSM, had predicted a Trump victory.<sup>128</sup>

But already on election night, on the screens of CNN, in the state of Pennsylvania, in the space of just 30 seconds, Trump's vote count dropped from 1,690,589 to 1,670,631, while Biden's rose from 1,252,537 to 1,272,495. In just 30 seconds, this amounted to a drop in votes of 19,958 for Trump, but for Biden, a rise in votes matching the drop for Trump!<sup>129</sup> *The Epoch Times* reporter, Joshua Philipp in his documentary captures this. Given that Pennsylvania hosted the Dominion machines, and Dominion's director of product strategy and "security" is Eric Coomer,<sup>130</sup> a deep admirer of the violent anarchist and leftist Antifa<sup>131</sup> and Trump hater,<sup>132</sup> has to raise grave concerns as to the legitimacy of this election, and hence the claim by the Clinton Foundation, of Dominion facilitating "democracy through technology."<sup>133</sup>

Furthermore, Eric Coomer in late September 2020, just prior to the commencement of in-person early voting, performed last-minute software updates to thousands of machines in Georgia without the requisite recertification required by law. Coomer, a 1997 radical-left<sup>134</sup> PHD nuclear engineering graduate from California's Berkeley University,<sup>135</sup> a hotbed of radical left extremism,<sup>136</sup> rationalised that "the change is 'minor' and doesn't require recertification."<sup>137</sup>

On November 19, 2020, the head of Dominion John Poulos, cancelled at the last minute a planned appearance at the Pennsylvania House of Representatives hearing. The following day, Eric Coomer, disappeared and his biography on Dominion's website was removed. Suddenly, with world focus on Dominion and voting fraud, Dominion's offices in Toronto and Denver closed, and over one-hundred of Dominion's employees, one-third of their workforce, including all in Serbia, had their Linked-In accounts deleted.<sup>138</sup>

And in this light, how suspicious is UBS Securities LLC, on October 8, 2020, less than four weeks before the election, arranging a private placement of \$400 million with Staple Street Capital — the parent company of Dominion,<sup>139</sup> co-run and founded by Joe Biden's brother-in-law Stephen Owens?<sup>140</sup> According to Bloomberg, three of the four board members of UBS Securities LLC at the time (but not since mid-December 2020) were Chinese,<sup>141</sup> with at least one of them appearing to reside in Hong Kong.<sup>142</sup> This prompted Joshua Philipp in his documentary to raise the question; had the CCP, less than a month before the US election, purchased Dominion Voting? And, as raised by *The Jewish Voice*; is Dominion connected to CCP money?<sup>143</sup> These questions become all the more compelling, when shortly after the election, all information pertaining to Staple Street Capital's founders and their investment portfolios, including their relationship with Dominion, was removed.<sup>144</sup>

But after January 6<sup>th</sup>, conservative voices were silenced, or at least severely repressed based on the questionable notion, not fact, reminiscent of 1930s Stalinist show trials,<sup>145</sup> that all conservatives are fascists, legitimising the closure of alternative social media such as Parler, supposedly being used to foment the sedition of January 6<sup>th</sup>. However, the fact that Big-Tech platforms such as Twitter, Facebook and YouTube were used almost exclusively for this purpose, is ignored.<sup>146</sup> Alexandria Ocasio Cortez (AOC), Democrat House of Representative from New York's 14<sup>th</sup> district,<sup>147</sup> had before the election drawn up a "list" of Trump supporters to go after post-inauguration.<sup>148</sup> Clearly AOC, has no concept of the Constitution not allowing the 51% majority to persecute the 49% minority. But then again, for the new radical Democrats, in effect, the Democratic Socialists of America (DSA) — of which AOC is a formal member,<sup>149</sup> their tacit objective, when one judges them by their actions, is the undermining of the 1789 Constitution. Indeed, dare one dub it a "democracy" of two wolves and a sheep voting on "what's for dinner?"

The above quip has been credited to founding father Benjamin Franklin, although there is no hard evidence to confirm this.<sup>150</sup> Nevertheless, this does not detract in any way its poignancy for America in early 2021, and no less poignant, is the following from a letter by America's second president and first vice-president,<sup>151</sup> John Quincy Adams, to John Taylor on December 17, 1814: "

It is in vain to Say that Democracy is less vain, less proud, less selfish, less ambitious or less avaricious than Aristocracy or Monarchy. It is not true in Fact and no where appears in history. Those Passions are the same in all Men under all forms of Simple Government, and when unchecked, produce the same Effects of *Fraud Violence and Cruelty*. When clear Prospects are opened before Vanity, Pride, Avarice or Ambition, for their easy gratification, it is hard for the most considerate Phylosophers and the most conscientious Moralists to resist the temptation."<sup>152</sup>

Such is America, just six weeks into the Biden-Harris regime.

Certainly censorship has been virulently invoked by Big-Tech and the Biden-Harris regime. However, their actions have broadened to targets such as the Republican Missouri Senator Josh Hawley, who

after only hearing about it in the media, had his publishing contract for his book *The Tyranny of Big Tech*<sup>153</sup> with Simon and Schuster cancelled!<sup>154</sup> Hawley, *abiding by federal law*, objected to electoral votes from Arizona and Pennsylvania, pointing to alleged and proven election irregularities and moves from officials to change election processes in contravention to state Constitutions.<sup>155</sup> On the last Monday night before January 6<sup>th</sup>, Hawley tweeted the following: “

Tonight while I was in Missouri, Antifa scumbags came to our place in DC and threatened my wife and newborn daughter, who can't travel. They screamed threats, vandalized, and tried to pound open our door. Let me be clear: My family & I will not be intimidated by leftwing violence.”<sup>156</sup>

Which raises the question; would the Biden-Harris regime deem this incident as domestic terrorism, or just dismiss as an “idea,” the violent leftist-anarchist entity that is Antifa?

On the Sunday night following Biden's “inauguration,” I was watching a documentary on marine archaeology in the Black Sea on SBS Australia. Twice during advert breaks, there were short so-called “news” clips. They centred around asserting as fact, the prediction that Biden was going to heal and unite America and his presidency was the “dawn of a new era.” To begin with, how can the nation heal when the infection of the festering wound, namely rampant election irregularities is ignored? And what wound has Trump inflicted in any case? Perhaps the exposure of the sewer that is the Deep State of Washington DC? Secondly, when Trump was elected in November 2016, the Democrats, at the behest of the bitter loser, Hilary Clinton, commenced a relentless four year witch hunt of Trump's supposed collusion with Russia in the election. Nevertheless, in spite of the limitless resources of the FBI, they found nothing!<sup>157</sup>

On the other hand, look how much evidence was uncovered on electoral fraud, in just over two months, in spite of the abject lack of will by the FBI and the Department of Justice to investigate it. As Republican Texas Attorney General Ken Paxton affirmed when filing the Texas law suit against states such as Pennsylvania, illegally and unconstitutionally changing their federal electoral laws just before the November election: “

Our country stands at an important crossroads. Either the Constitution matters and must be followed, even when some officials consider it inconvenient or out of date, or is simply a piece of parchment on display at the National Archives. We ask the [Supreme] court to choose the former.”<sup>158</sup>

Regrettably, by refusing to hear the case and give a reason as to why, the feckless Supreme Court clearly implied that the Constitution, in their eyes, with America at its greatest ever crossroads in history, does not matter.<sup>159</sup> Hence, the Biden-Harris regime, elected under a cloud of fraud and the tacit support of extreme leftist rioters; the latter of whom, seemingly all too intimidating for a weak Supreme Court,<sup>160</sup> and the contrived Russian collusion from 2016, implies that no leftist has any right to order American Patriots to move on.<sup>161</sup> Moreover, Hilary Clinton back in August 2020, instructed Biden to not concede the election “under any circumstances.”<sup>162</sup>

Leftist “unity” of rampant censorship of Conservatives, can only mean “unity” by submission of half the population. Indeed, I have heard many liberal/progressive analysts and speakers on the global MSM, such as Katie Couric, talk of the need for Trump supporters to be deprogrammed!<sup>163</sup> Indeed, is this just one aspect of the “dawn of a new era?” Orwellian monitoring of our thoughts? Is Biden's executive order for America to rejoin the Paris Climate Accord,<sup>164</sup> another such aspect? Well, Trump, without joining the globalist accord, has in the term of his presidency, dramatically decreased America's CO<sub>2</sub> emissions, while China's, as a so-called “developing” country, continue to sky rocket.<sup>165</sup> Is this yet another aspect of the “dawn of a new era?” Putting America last? Given all the above, is it not more like the descent of an era of Orwellian darkness?

The extreme left in America would have one believe they are the antithesis of Hitler's National Socialism. However, both extremes have what I term “agendas of exclusion.” For example, the Stalinist perpetrated Katyń Wood massacre of April 1940 in western Russia, was the calculated and deliberate murder of a nation's [Poland's] elite, simultaneously embodying classicide, with the intention of obliterating its political and creative energy for the future.<sup>166</sup> One could indeed infer this as mirroring in a microcosm, the agenda of the CCP under Mao Zedong in his Cultural Revolution from the mid-1960s to mid-1970s.<sup>167</sup>

Poland of course during WWII suffered to at the hands of the National Socialists, as was exemplified in the massacre in Warsaw's south-eastern district of Wawer in late December 1939, just three months into the German occupation of Poland. Then, over a hundred Poles were massacred in response to fatal shootings of two German soldiers by two escaped common Polish criminals. The will of the Germans to track down the perpetrators was almost non-existent, but their will for indiscriminate and disproportionate retribution on the perceived Slavic Untermensch was inexorable.<sup>168</sup> Then, from August 1 until October 2, 1944, during the Warsaw General Uprising, the Poles suffered at the hands of both extremes, as the Soviet Army, on the eastern doorstep of Warsaw, after encouraging the Poles to rise up, allowed the Germans virtually unhindered action in brutally suppressing the Rising of the non-communist Polish Home Army and civilian population in general.<sup>169</sup>

To reiterate, just after the US 2020 election, Alexandria Ocasio Cortez (AOC), U.S. House of Representative from New York's 14<sup>th</sup> district,<sup>170</sup> had drawn up a list of post-inauguration retribution for Trump supporters, "legitimised" under the leftist banner of the "Trump Accountability Project."<sup>171</sup> Such is "leftist democracy," which to reaffirm, is especially so for an American "Democratic" party subverted so far left, it's now more akin to the radical left Democratic Socialists of America (DSA),<sup>172</sup> of which AOC is also a formal member.<sup>173</sup>

For Hitler's Third Reich, the most obvious targets for exclusion were of course the Jews, naturally extending to others deemed by the regime as not worthy of life, such as gypsies and the physically and mentally disabled. This was ramped up in August 1939, just preceding the outbreak of war, in what became known as the infamous T-4 program.<sup>174</sup> Do I exaggerate for America in early 2021? Perhaps, but the Biden-Harris regime at the time of writing is just shy of two months old.

From the liberal/progressive point of view, ignoring the mountain of evidence of electoral irregularities, and the assumption of a supposedly diverse and non-agenda driven free media, there is the "self-evident" notion that Dietrich in this election, would have undoubtedly supported Biden. His support of Trump being unthinkable. However, as Ferdinand Schlingensiepen alluded to in his 2015 article, such assumptions would be presumptuous at best. From the religious aspect, I cannot see how Dietrich could turn a blind eye to Biden and his regime's support of abortion. On the political side, I cannot see how a sharp and perceptive mind like Dietrich, and indeed Ruth's cousin Ewald von Kleist,<sup>175</sup> could ignore the parallel of January 6, 2021 with the Reichstag fire in late February 1933, followed by the rank intimidation of the Weimar election of March 5, 1933<sup>176</sup> in parallel with the intimidation of Republican observers in the election of November 2020,<sup>177</sup> and intimidation of witnesses of fraud in its aftermath.<sup>178</sup> Moreover, could they ignore the rank bias of the modern-day global MSM, mirroring in so many respects, the media of Berlin and Moscow of the 1930s?

The intransigence and lack of critical thinking of liberals/progressives in the US and indeed globally, to acknowledge the self-evident violence and intimidation of radical leftist entities in the US, such as Antifa and Freedom Road; the ubiquity of rampant electoral irregularities and intimidation; the incessant violation of the US Constitution by the Biden-Harris regime in just its first six weeks in office, and the ideologically driven pack-journalism of global MSM, recalls for myself, the following.<sup>179</sup> In September 2014, I was with my wife in a tour group in Nuremberg in Northern Bavaria. While visiting the now abandoned National Socialist Rally grounds, our German guide recalled a story his father had told him of a conversation, or more to the point, a confrontation he had with his father (the guide's grandfather).

It was 1969, and the then young man desired to know about the war, as German history of that time in schools and society in general was hardly ever spoken about. It seemed that the Germans consigned that period to an historical vacuum. However, the generation post-war, now grown up, much to the chagrin of their parents, could not leave this dark epoch of German history consigned to the vacuum of repressed memories. When the son pressed his father on this subject once too often, the father exploded and told him if he ever raised this topic again, he would be thrown out of the house.

Just two years preceding this incident, in Munich in 1967, Eberhard Bethge first published his biography of his dear friend Dietrich Bonhoeffer.<sup>180</sup> It was only then that German people seemed willing to admit the truth of Hitler's Germany. Even then, given the account of our guide in Nuremberg by the city's infamous Third Reich rally grounds, it was more the younger generation born around or soon after the war's end that was willing to hear the confronting and uncomfortable truth of the infamous Third Reich. Our guide, the second generation post-war, was forthright in his criticism of Hitler's Germany. While we were standing at the rally grounds, he spent time describing the rallies to us, regularly holding up a folder of copies of photos from the rallies.

This modern-day liberal/progressive intransigence, in concert with the actions of the Biden-Harris regime and the global MSM, seems to imply their notion that Dietrich would only condemn or acknowledge

right-wing violence. However, such a notion is dubious at best, as one need only look at the following letter written by a young Dietrich just before his thirteenth birthday in January 1919, to his Oma (Grandmother)<sup>181</sup> in Tübingen. He wrote it during the chaos in Berlin in the wake of the Great War, when equally violent right- and left-wing groups clashed among themselves, and with government troops trying to preserve some semblance of law and order. In this letter, Dietrich describes the fighting between government troops and radical leftist Spartacists, after the latter had made two night-time attacks on the Halensee station: “

Early today we heard gunfire. There are some bangs going on now. Karl-Friedrich [the eldest of the Bonhoeffer siblings — he was wounded but survived both wars] has at last been discharged from the Charité [the hospital where father Karl worked]. He would like to be part of this somehow, but Mama and Papa do not yet agree. *At present, thank heaven, the government troops are getting the better of it.* Our holidays have been extended to 17 January. Either because of the unrest or because of the coal shortage.”<sup>182</sup>

Moreover for Ruth and her Junker clan, one need just recall numerous instances from Chapter 25 “Old Prussia Gone With The Wind” and Chapter 26 “Oma Ruth’s Progeny After Death” of this book to emphasise their cognisance and acknowledgement of the twin evils of both political extremes. For example, Ruth’s eldest child Hans Jürgen, post-war, spent three months in Moscow’s infamous Lubyanka prison, followed by nineteen months of hard labour in a Siberian gulag.<sup>183</sup> Ironically, he, the anti-fascist, had escaped physical torture at the hands of the fascists,<sup>184</sup> but not from the champions of the so-called workers’ anti-fascist utopia. Furthermore, for liberals/progressives who may think a collective crackdown and/or deprogramming of Conservatives is imperative for the preservation of “democracy,” the story of pastor and friend of Dietrich, Martin Niemöller, a concentration camp inmate from 1938-1945, is a chilling wake-up call: “

First they came for the Socialists, and I did not speak out — because I was not a Socialist. Then they came for the Trade Unionists, and I did not speak out — because I was not a Trade Unionist. Then they came for the Jews, and I did not speak out — because I was not a Jew. And then they came for me — and there was no one left to speak for me.”<sup>185</sup>

Originally incarcerated at the Sachsenhausen camp near Berlin, Niemöller would be transferred to Dachau in Bavaria in 1941, where he would stay until almost war’s end, before being liberated in Niederdorf in the German speaking South Tyrol region of northern Italy in late April 1945.<sup>186</sup> Born in 1892, he would live out his life post-war in West Germany, becoming, for some time, the vice-chairman of War Resisters International,<sup>187</sup> before passing away in 1984. For Jeff Stein, the author of the aforementioned Daily Beast article proposing the formation of an American Secret Police,<sup>188</sup> the words of Martin Niemöller, are way beyond just essential reading. As is the following by the Spanish-American philosopher, essayist, poet, and novelist George Santayana,<sup>189</sup> inscribed on a tablet at Poland’s Auschwitz Concentration Camp Museum:

“The one who does not remember history is bound to live through it again.”<sup>190</sup>

Moreover, on the night of May 2, 2021, near the end of the Live Q & A chat of Joshua Philipp’s YouTube Crossroads channel, the Polish political refugee Zygmunt (Ziggy) Staszewski wrote: “I grew up in communist Poland, living under censorship for 29 years then became a political prisoner. Came to US as political refugee. I am scared now.”<sup>191</sup>

To reiterate, when I think of Dietrich in relation to America in 2020-21, I think of him in the aftermath of the passing in the Reichstag of the infamous Malicious Practices and Enabling acts, providing the judicial and constitutional means respectively, to wipe the Weimar Republic from existence. Likewise, as Biden and his leftist cabal incessantly trample on the American Constitution, including farcical impeachments of private citizens, the Constitutional Republic, is likewise being wiped from existence — unless, unlike Weimar 1933, enough people speak up! As indeed Dietrich, his family and Ruth and her brave Junker clan did. And enough people explore at least the idea of independent news media alternatives and alternative search engines such as the French search engine Qwant.<sup>iv</sup>

For example, after listening to the diatribe from the global MSM at my mate’s place, claiming that Trump definitively incited the riot on January 6, 2021, when I got home, I listened to the truth from the independent media *The Epoch Times*. Moreover, given this distortion of the truth by the global MSM, on

iv <https://www.qwant.com>.

what Trump said on January 6<sup>th</sup>, has to bring into question, the veracity of claims by the global MSM, that electoral fraud allegations were baseless. As do their years of saturation bombing the false narrative of Trump's Russian collusion.<sup>192</sup> Add to which, two House Democrats in late February 2021, pressuring TV Carriers to cease hosting Conservative channels such as Fox, OAN (One America News), and Newsmax.<sup>193</sup> Indeed, what could be a clearer indication of the Biden-Harris regime's agenda of turning America into a one-party "Democratic" Socialist state? Is this the "democracy" that was "saved," or more to the point, founded on January 6, 2021? As a Newsmax spokesperson wrote by email to *The Epoch Times*: "

The House Democrats' attack on free speech and basic First Amendment rights should send chills down the spines of all Americans. Newsmax reported fairly and accurately on allegations and claims made by both sides during the recent election contest. We did not see that same balanced coverage when CNN and MSNBC pushed for years the Russian collusion hoax, airing numerous claims and interviews with Democrat leaders that turned out to be patently false."<sup>194</sup>

And in an email from FOX: "

As the most watched cable news channel throughout 2020, FOX News Media provided millions of Americans with in-depth reporting, breaking news coverage and clear opinion. For individual members of Congress to highlight political speech they do not like and demand cable distributors engage in viewpoint discrimination sets a terrible precedent."<sup>195</sup> [Such as Trump's words on January 6<sup>th</sup> "fight like hell" taken out of context.]

And by email from One America News President Charles Herring: "

We stand by our reporting and don't let intimidation influence our newsroom. When government officials want to silence media, especially media that opposes their false narratives, it's nothing short of an attack on our democracy and freedom of press. Media shines a light on wrongdoing and helps keep our government officials in check. Discussion and debate are healthy for our country. This call by government officials for media censorship is expected from dictators and countries such as China, but it's horrifying to see its ugly head pop up in our U.S. Congress."<sup>196</sup>

As America heads to effectively one media voice, does it not mirror the death throes of Weimar Germany when the "Malicious Practices" and "Enabling" acts were passed on the 21<sup>st</sup> and 23<sup>rd</sup> March 1933?<sup>197</sup> Yes, American media would still have "multiple" voices of sorts, but they would all espouse the same ideologically driven agenda. Like indeed Communist China, where multiple outlets present the façade of media diversity, such as Global Times, Xinhua, CGTN and the like,<sup>198</sup> but naturally, all proclaim the very same ideologically driven agenda, subservient to the genocidal CCP.<sup>199</sup> In that sense, the media of China, and the path American media is now taking, is not essentially different to the mono-voice of the former Soviet Union or the present day "Democratic" People's Republic of Korea. As Alan Dershowitz, Harvard Law School professor emeritus and lifelong Democrat supporter who has never voted for Trump<sup>200</sup> stated:

"I hope all Americans wake up to this," Dershowitz told Newsmax on Thursday. "I hope it's not just the 'shoe is on the other foot' test. Now, the conservatives are the victims of cancel culture so they're big supporters of the Constitution and constitutional rights. During McCarthyism [of the 1950s], it was the left that were the victims, and the right were the oppressors."

Going further, he stated that:

"we need both the right, the left, and also the center to stand united against censorship, against cancel culture, and in favor of the marketplace of ideas."

"We have the right to flip the channel if we don't like what's on Newsmax. Change the channel, but don't tell the carriers, the satellite carriers, and the cable carriers, to deny us the right to watch Newsmax. That is wrong," he remarked.<sup>201</sup>

*The Epoch Times* were founded by Falun Gong practitioners who fled China for America on account of the heinous oppression perpetrated upon them by the CCP since July 20, 1999.<sup>202</sup> Now ironically, in the "free"

country of America, their multi-cultural staff report the truth in the face of an ideologically driven mass-media of pack journalism,<sup>203</sup> which to reiterate, mirrors in so many respects, that of Berlin and Moscow of the 1930s, and indeed, modern-day Beijing. Mainstream media inevitably use the old foil of portraying them as far-right, but after years of studying Communism and National Socialism, and viewing with my own eyes, almost two metric tons of human hair at the Auschwitz Concentration Camp Museum in Poland in mid-2005, I do not require an agenda driven pack global media, masquerading as diverse free media, telling me what's far-right. On the other hand, feigned incognisance of far-left accountability by global MSM reporters, literally amidst the burning and devastation of the 2020 summer riots, claiming that such "protesters" were mostly peaceful, is breathtaking.<sup>204</sup> As is their synonymous and inexorable hypocrisy.<sup>205</sup>

Moreover, loads of *The Epoch Times* footage from the peaceful Jericho marches in Washington DC on December 12, 2020, where hundreds of thousands participated, as global MSM played down their numbers, and indeed from January 6<sup>th</sup>, among the vast majority of 0.5 million peaceful Trump supporters who did not participate in the riot, people came from all walks of life and ethnicities. During the December 12, 2020 march, I saw on the *NTD* channel, sister media of *The Epoch Times*, a black couple proudly declare they were Trump supporters and that Trump was not a racist, but Biden was,<sup>206</sup> and that Black Lives Matter (BLM) were a terrorist organisation.<sup>207</sup> Curiously, in mid-September 2020, BLM from their website took down their "What We Believe" page with all its overt implications of its Marxist agenda, which included disruption of the traditional nuclear family unit. However, it can still be accessed on the WayBack machine.<sup>208</sup> Not to mention, one of their founding members, Patrisse Cullors stating:

"We are trained Marxists super versed on, sort of, ideological theories."<sup>209</sup>

Certainly, the black American couple from the December 2020 Jericho march, are not alone in their assessment. For example, Barbara Heineback, a black American now living in Wollongong Australia, who was a press officer to the wife of Democrat President Jimmy Carter and an advisor to Democrat President Bill Clinton, and 1960s civil rights activist,<sup>210</sup> stated that; "Donald Trump is being destroyed by vested interests in Washington and Black Lives Matter is a menace."<sup>211</sup> v On Australian Sky News on November 4, 2020<sup>212</sup> she categorically stated that Trump was not racist, citing for example, the numerous contestants of varying ethnicity that appeared on his show *The Apprentice*. Of course, this is just her opinion, but her views are certainly no less valid than saturation bombing assertions of Trump's perceived racism, and as such, are not fact, as global MSM wish us to perceive them. Moreover, as affirmed by Lara Logan, the South African born and former CBS 60 Minutes and now self-professed "outlaw" journalist; "They're not journalists. They're political assassins, working on behalf of political operatives and propagandists."<sup>213</sup>

Moreover, the Black American, Vernon Jones, Democrat member of the House of Representatives, likewise believes electoral fraud was rampant,<sup>214</sup> and voted for Trump in the 2020 election, owing to the Democrats overt shift to the radical left, as indicated by their tacit approval of the summer riots. Clearly, America in 2020-21, is more about ideology than race.<sup>215</sup>

Starting with the death of George Floyd in late May 2020, I have witnessed events unfold in America in an eerie and frightening parallel with the death throes of Weimar Germany, as documented in the Preface "Birth and Memory upon the Lesser Known Fault Line of History" (in regard to the Röhm Purge of mid-1934)<sup>216</sup> and Chapter 3 "Evil's Storm Descends" and Chapter 4 "The Aryan Paragraph" of this book. Couple this with the coronavirus, as terrible as it was, raising to some extent at least, awareness of the rank despotism of the Chinese Communist Party — not just in relation to their cover-up of the virus,<sup>217</sup> but the genocide, forced sterilisation and abortion of the Uyghurs, and the religious persecution and forced human organ harvesting of Falun Gong practitioners. Under Xi Jinping however, religious persecution and bastardisation of all religions in China, both western and traditional, now has a parallel with Dietrich when he commenced in early 1933, his battle with the National Socialists, over the integrity of his Lutheran faith.<sup>218</sup>

v It's worth noting that contrary to the BLM/leftist/progressive agenda, slavery was not something unique to the US or western civilisation in general. See <https://www.youtube.com/watch?v=CDltQlrU5nE> titled *Black History MYTHS Promoted by the Left* and <https://www.youtube.com/watch?v=VWrfjUzYvPo> titled *THE REAL HISTORY OF SLAVERY* as told by the distinguished Black American historian Thomas Sowell. Moreover, the Muslim slave trade started long before the European slave trade and continued long after. See Larry Elder's video titled *What Most 'Experts' Aren't Telling You During Black History Month* at <https://www.youtube.com/watch?v=LwUbx6Y1Zgo> or <https://rumble.com/vctcb9-what-most-experts-arent-telling-you-during-black-history-month-larry-elder-.html> from 2 minutes and 40 seconds in.

In concluding this chapter, I wish to dedicate it to all the brave American men and women who came forward in attempting to alert their country, and indeed the world, to the rampant and unaddressed electoral irregularities, threatening the very fabric of their constitutional republic. Legal professionals such as Rudy Giuliani, Jenna Ellis, Lin Wood, Sidney Powell and Senators Josh Hawley and Ted Cruz who put their reputations and careers on the line for their country. Just weeks before writing, Lin Wood declared he would represent Sidney Powell in her defence against the law suite from Dominion Voting, whose voting machines have been mired in controversy from the election's fall-out. In his letter to Dominion in mid-February 2021, he affirmed the following: “

Last night, I was honored when Sidney Powell called me and asked me to serve as lead counsel for her in defending the frivolous defamation lawsuit filed against her by Dominion.

I quickly accepted. Get ready to rumble, Dominion. You made a mistake suing Sidney. You are going to pay a heavy price.

Sidney and I will not be intimidated. We will not go quietly in the night.

Hey Dominion, I will see you and your employees and officers soon as truth is pursued and established. I will see you across the table where you will be subjected to a thorough and sifting cross-examination under oath. I know how to deal with legal bullies like you.

Check my record.

I love Sidney Powell. I admired her brilliance, skills, and tenacity from a distance as I watched her fight a corrupt system to achieve justice for a great American, Lt. General Mike Flynn.

Sidney is a truth-giver. She also shares my love for God. As does General Flynn who is also a truth-giver.

I have had the privilege to work with Sidney and General Flynn over the past recent months. They are great Americans. They are role models for many.

God blessed me with their friendship.”<sup>219</sup>

In an article published June 22, 2010 and updated December 6, 2017, the global MSM mouthpiece the Huffington Post, wrote a damning article on Dominion.<sup>220</sup> Then, in a December 2019 letter to Toronto based Dominion Voting Systems, Democrat Senators Elizabeth Warren, Ron Wyden, and Amy Klobuchar and congressman Mark Pocan warned about reports of machines “switching votes,” “undisclosed vulnerabilities,” and “improbable” results that “threaten the integrity of our elections.”<sup>221</sup> Even in the months just preceding the November 2020 election, there are documented cases of grave concerns over the Dominion machines.<sup>222</sup> Nevertheless, according to the global MSM and the Democratic Party, just following the November 2020 election, Dominion machines had suddenly acquired impregnable security<sup>223</sup> that according to the Cybersecurity and Infrastructure Security Agency (CISA), delivered the “most secure election in US history.”<sup>224</sup>

However, in the following month of December 2020, a nationwide hack, going back months of US computers using the Solar Winds platform, was revealed.<sup>225</sup> When Trump mentioned the possibility that voting machines may have been breached during the election, Dominion were quick to deny ever using Solar Winds.<sup>226</sup> The thing is, even though the Solar Winds logo is no longer present on the Dominion login page,<sup>227</sup> it's still visible from an archived copy dated December 14, 2020.<sup>228</sup> As well, Dominion still have the Solar Winds logo itself present on that server, at the time of writing in mid-May 2021.<sup>229</sup> Hence, making a mockery of CISA's claim back in November 2020, that they delivered the “most secure election in US history.”<sup>230</sup>

Moreover, Dominion is a member of CISA's Election Infrastructure Sector Coordinating Council,<sup>231</sup> and in October 2019, the Dominion machines failed to meet the standards required by the Texas Election Code.<sup>232</sup> To which, it's worth noting, the trouble free counting of votes in the Lone Star state. Hence, given what one would envisage as a resolute and robust defence of Sidney Powell, coupled with a rigorous cross-examination of Dominion witnesses by Lin Wood, this case may shed much needed light on the question of changing narratives of the global MSM and Democratic Party in regard to Dominion. Namely, which of their

narratives of Dominion are true? Their pre-election or post-election version? Likewise, Dominion's suit against, but still welcomed by Conservative billionaire Mike Lindell.<sup>233</sup>

And of course, to the thousands of ordinary people, such as Michigan's Melissa Carone,<sup>234</sup> who signed affidavits on penalty of perjury (which according to the most basic tenants of law, in spite of incessant assertions to the contrary by global MSM and Democrats, are evidence)<sup>235</sup> and came forward as witnesses, in spite of intimidation, death threats, ostracism, termination of employment and the like.<sup>236</sup> To *The Epoch Times*, for reasons just mentioned and people such as the independent journalist Andy Ngo, who has literally risked life and limb to report the truth of thuggery, intimidation, burning and general destruction that defines the ultra-extremist leftist/anarchist radicals that are Antifa.

To the gregarious and self-made billionaire and CEO of "My Pillow," Mike Lindell,<sup>237</sup> who has stood resolute and determined in the face of censorship.<sup>238</sup> And to the president who achieved the highest number of votes ever for a sitting president in the November 2020 election,<sup>239</sup> Donald John Trump, the nemesis of globalists<sup>240</sup> and broker of the historic peace agreements between Israel and Arab-Muslim countries, including the United Arab Emirates, the Kingdom of Bahrain, and Sudan,<sup>241</sup> and architect of American energy independence from the Middle East who exposed the sewer of corruption that are the career politicians and Deep State bureaucrats of Washington DC,<sup>vi</sup> this chapter is dedicated to you, as your accomplishments transcend the attempts by the Deep State leftist-cabal to rewrite history.<sup>vii</sup>

---

vi The sewer of corruption that are many of the career politicians of Washington DC include both Democrats and Republicans — such as RINOs — "Republicans In Name Only." NOTE: Trump, unlike Biden, is not a career politician. Hence, the huge appeal of Trump for so many of the common people, but at the same time, the virulent and irrational hatred he generates for the establishment. Moreover, why has this hatred for Trump only manifested itself when he announced his intention to run for President in June 2015? See <https://www.thegatewaypundit.com/2020/06/five-years-ago-today-donald-announced-historic-run-president-watch-media-mocked/>, which recalls when the global MSM mocked what proved to be his successful bid for the US presidency. Curiously, I found this link on the French search engine Qwant at <https://www.qwant.com> — not Google. Both links accessed on Saturday March 6, 2021.

vii <https://web.archive.org/web/20210120151726/https://www.whitehouse.gov/trump-administration-accomplishments/> Note; the Biden administration removed this article from the White House website by January 23, 2021, just three days following Biden's "inauguration." See <https://web.archive.org/web/20210123094108/https://www.whitehouse.gov/trump-administration-accomplishments/> and [https://web.archive.org/web/\\*/https://www.whitehouse.gov/trump-administration-accomplishments/](https://web.archive.org/web/*/https://www.whitehouse.gov/trump-administration-accomplishments/). In regard to the Middle East, compare it at the end of Trump's presidency in January 2021 to the chaos under the Obama administration when ISIS was running rampant. And under Biden in May 2021, the terror attacks in Israel from Iranian funded terror groups such as Hezbollah and Hamas. However, it later admits the following: "Dominion Voting Systems is part-owned by Stephen Owens, who co-runs the private equity firm Staple Street Capital. Staple Street Capital and Dominion's management team acquired Dominion in 2018, according to a news release." Curiously, the beginning of this sentence contradicts the headline. See the video from 17 minutes in. This interview by Jan Jakielek, the Senior Reporter of the Epoch Times, is a fascinating interview of a brave journalist summoning the will to break free from the insidious global MSM programming. Myself, after decades of feeling beholden to the MSM agenda, and now finally recognising them for what they truly are, is as Lara alludes to; liberating!

217 The Chinese Doctor Li Wenliang passed away on February 7, 2020 after he warned his colleagues on social media in late December 2019 about a mysterious virus that would become known as the coronavirus/COVID 19 epidemic. Rather than take the appropriate counter-measures, Dr Li was detained by police in Wuhan on January 3<sup>rd</sup> for "spreading false rumours", before he was forced to sign a police document to admit he had breached the law and had "seriously disrupted social order." See <https://www.theguardian.com/global-development/2020/feb/07/coronavirus-chinese-rage-death-whistleblower-doctor-li-wenliang>. This of course, is just the tip of the iceberg in regard to the CCP cover-up, whether it be by incompetence or malevolent intent. See also Joshua Philipp's video at <https://www.youtube.com/watch?v=Gdd7dtDaYmM> or <https://rumble.com/v93vzx-1st-documentary-movie-on-the-origin-of-ccp-virus.html> titled *1st documentary movie on the origin of CCP virus, Tracking Down the Origin of the Wuhan Coronavirus*. On the other hand, note the remarkable containment of the virus, without lockdown, by the democratic ethnic Chinese island nation of Taiwan. On island half the size of Tasmania, or one-quarter the size of Florida, with a population of 24 million, Taiwan has had only ten deaths, thanks to them not trusting the CCP and its mouthpiece the WHO.
