Wednesday 6th January 2021

I have been prompted to write this message in regard to your appallingly biased coverage of the US election and events over there this year in general. Certainly you have not been alone among both the Australian and International mainstream media, which I will henceforth refer to as IFN – Institutionalised Fake News, masquerading as “diverse” media under the cloak of leftist agenda driven “pack” journalism.

Time and time again, like a broken record, you continually refer to mounting allegations of election fraud as “baseless claims” being void of evidence. Let me educate you in very basic law practice, as Rudy Giuliani has already done with IFN reporters in the US. Signed affidavits by thousands of witnesses under penalty of perjury,¹ and in many instances, under threats of intimidation and death,² are evidence, as much as you and your ilk pretend they are not. I think I will take the word of a stoic and brave lawyer, who in the 1980s, put New York mob bosses away, rather than a leftist agenda driven Institutionalised Fake News, such as yourselves. Courts, including the Supreme Court (SCOTUS) incessantly dismiss cases, not based on merit, but rather on relatively petty inconsequential grounds. In particular, SCOTUS just blithely dismissing the Texas suit, seems reminiscent of terrified judges and politicians in the death throes of Weimar Germany. Let me elaborate.

Contrary to your saturation bombing assertions of propaganda, evil does not just spawn from the right-wing of politics, as you overlook the thuggery, burning, pillaging and looting perpetrated by neo-Marxists such as Antifa, Black Lives Matter, Freedom Road Socialist Organisation (FRSO) and the like,³ who remind me Hitler’s Brown Shirts (Storm Troopers or Sturmabteilung) of the early 1930s. And do not tell me that BLM is not Marxist,⁴ even though in mid-September they took down their “What We Believe” page with all its overt implications of its Marxist agenda, which included destruction of the traditional nuclear family unit. Fortunately, it can still be accessed on the WayBack machine.⁵ Not to mention, one of their founding members, Patrisse Cullors stating:

“We are trained Marxists super versed on, sort of, ideological theories.”⁶

Moreover, ludicrous claims of media mouthpieces of your ilk at the outbreak of the riots, that such acts were carried out by white supremacists, beggars belief.⁷ As were assertions of such reporters on the ground, claiming protesters were mostly peaceful, as rioting, burning, looting and pillaging raged all around them!⁸

In the peaceful MAGA marches in the wake of the election, NOT perpetrating burning, looting and pillaging, as you severely played down their numbers,⁹ your ilk again refuse to cover the thuggery of Antifa, BLM and the like perpetrated on Trump supporters.¹⁰ Antifa and BLM thuggery is it seems, tacitly legitimate in your eyes, but heaven forbid, one cannot tolerate Trump legally contesting election fraud, while Hillary Clinton back in late August, instructed Joe Biden to not concede the election “under any circumstances.”¹¹ And of course, you must not report the burning, looting and pillaging perpetrated by the Freedom Road Socialist Organisation (FRSO) at the outbreak of the Minneapolis riots in the wake of George Floyd’s death.¹² Their website leaves no doubt as to their toxic Marxist agenda, as they view Tiananmen Square 1989 as the defeat of counter-revolution in China!¹³

The twin and complimentary toxic entities of the IFN (such as yourselves) and the extreme left in America would have you believe they are the very antithesis of Hitler's National Socialism. However, both extremes have what I term "agendas of exclusion." For example, the Stalinist perpetrated Katyn Wood massacre of April 1940 in western Russia, was the calculated and deliberate murder of a nation's [Poland's] elite, simultaneously embodying classicide, with the intention of obliterating its political and creative energy for the future. From 1949, one could indeed infer this as mirroring the agenda of the Chinese Communist Party under Mao in his Cultural Revolution from the mid-1960s to early 1970s. For Hitler's Third Reich, the most obvious targets for exclusion were of course the Jews, naturally extending to others deemed by the regime as not worthy of life, such as gypsies and the physically and mentally disabled. This was ramped up in August 1939, just preceding the outbreak of war, in what became known as the infamous T-4 program. In June 2005, at the Auschwitz Concentration Camp museum, I witnessed with my own eyes, a tonne of human hair. And indeed, has not that loathsome woman Alexander Ocasio Cortez (AOC), been busy drawing up a list of post-inauguration retribution for Trump supporters.¹⁴ Such is "leftist democracy." Especially for an American Democrat party being subverted so far left, it is now more akin to the radical left Democratic Socialists of America.¹⁵

But the most damning and indeed direct evidence, is the video footage from Farm Arena in Fulton County Georgia on election night, heard by a Georgia Senate Judiciary Subcommittee hearing in early December.¹⁶ I imagine you and your ilk believe the story that the GOP (Republican) observers and media left voluntarily, KNOWING that "counting" would continue after they left at 10:30 p.m.? Of course, such a story is as plausible as the burning, looting and pillaging being supposedly perpetrated by white supremacists to discredit the "heroic" BLM. The votes counted in just two hours, would have amounted to well over the alleged winning margin for Biden, easily flipping Georgia to Trump. If you truly believe the "official" story, then I suggest you are in urgent need of addressing your appalling lack of critical thinking!

Given the above, the most basic and fundamental question I have been leading into and which I wish to pose to you, is as follows:

"Deep down, and I do mean deep deep down, do you even care whether or not the 2020 US election was chronically fraudulent? Or, are you driven by an extreme an irrational hatred of Donald Trump, perceiving of Biden and his radical leftist cronies being preferable, simply because they are not Trump?"

If you fail to respond, it would appear me, you know deep down that fraud was rampant in this election, but in finding this truth too horrible to confront, dare I say, the humiliating loss of face, you feel you can only conform to the demands of your propaganda of "pack" IFN journalism, masquerading as legitimate unbiased reporting. Moreover, this is what the Black American, Vernon Jones, Democrat member of the House of Representatives, indeed thinks!¹⁷

If this fraud goes unchecked, this will be the end of the US Constitutional Republic. In any future "elections," if the Democrat, or indeed, should I say Democratic Socialists of America (DSA) candidate is in danger of losing, virtually unlimited fraudulent votes can be added at will whenever and wherever required. And of course, do not think this will just stop in the world's most powerful democracy.

You may choose to dismiss this analysis. However, before you do, consider one of the final lines in the 1848 Communist Manifesto:

"The Communists disdain to conceal their views and aims. They openly declare that their ends can be attained only by the ***forcible overthrow of all existing social conditions.***"¹⁸

When you blindly support Biden and his cadre of radical leftists, including AOC with her “list,” consider if the “*forcible overthrow of all existing social conditions*” really entails a peaceful transition to glorious utopia. A utopia, which time and time again, has proven to be no more than the theoretical realm of pompous and overpaid leftist academics. Certainly, the burning, pillaging and looting of Minneapolis, sparked by Freedom Road, more than suggests this.

And finally:

Yes, woe unto those who have read *The Gulag Archipelago*. But greater woe unto those who have not, to those who do not seek its guidance, to those who foster hate, prejudice, unfairness, and injustice. Woe unto all of us if we do not take heed. The fabric that is our civilization - woven as it is with very tenuous threads – is being stretched nearly to its limits. We must be wary, lest, like the Emperor, the roots of our society soon stand naked for all to see - a vast and barren human wasteland.¹⁹

Time and time again, history has proven this to always be the legacy of Communism.²⁰ A legacy, we can all look forward to, inflicted upon the US, as the remainder of the free world follows, in by then, the inevitable tragic stead.

Yours most sincerely and gravely

Vince Barwinski

PS: On November 30th, I emailed a similar, albeit much longer message to the ABC. I have attached it as well. I go into depth regarding the Coronavirus and later in regard to election fraud related to the questionable Dominion voting machines, and how the IFN narrative on them has changed over the years. At the end of it, I made reference to the Electoral college which met on December 14th. It was to emphasize the fact that before that date, the IFN had no right whatsoever to declare Biden President-elect, given the contested states with alleged voter fraud. On January 6th 2021, Brisbane time, this is still the case, given the dueling electors in those contested states which came forth on December 14th, to now appear in Washington DC on January 6th. And another point, on Wednesday night January 6th in Brisbane, your news incorrectly stated that vice-President Pence has no power to discard votes from states with dueling electors. The truth however, is that whether or not Pence has this power, is still unclear. See https://www.youtube.com/watch?v=2sz8-Fv_Qys.
